

# SOURCE 'JUNGLE' SOLDIER SYSTEM

## ABOUT SOURCE

SOURCE is Israel's largest tactical gear manufacturer and exporter, a worldwide innovation leader in design and technology for 30 years. For more than 30 years, SOURCE supplies IDF and OTHER hundreds armed forces organizations - in dozens of countries.

## SOURCE 'JUNGLE' SOLDIER SYSTEM

Based on SOURCE's British Army's Virtus Soldier System is a state of the art load carry and ballistic protection system designed specifically to optimize the performance and effectivity of warriors in tropical and hot climates. The system's modular structure allows for a wide array of configurations, assembled by the user, for optimal adaptation to the mission. Light weight, water proofing, maximum ventilation, hydration options and improved design to reduce load burden, are some of the key factors making SOURCE infantry jungle system - the best gear you can have.

# SOURCE 'JUNGLE' SOLDIER SYSTEM COMPONENTS

## WAR BELT

Padded War Belt designed to carry basic equipment pouches while distributing load evenly, with MOLLE webbings and detachable Yoke, can be used stand alone or connected to Source's Dynamic External Skeleton Spine Bar (DWD).

## Y YOKE

Adjustable minimalistic Yoke connected to the War Belt at 3 points - to allow load distribution of the war belt weight (with equipment) between waist/hips and shoulders

## JUNGLE YOKE

Connected to the War Belt at 4 points, with meshed MOLLE and Source zip-on system at the back - compatible to the 3L hydration zip-on pack, 20L assault pack and 5L cargo extension pouches.

## JUNGLE TACTICAL VEST

Light weight, 3d mesh based jungle tactical vest with M.O.L.L.E pouch attachment system, Source zip-on system at the back and front vertical chest release. zipper for quick don and doff. The jungle tactical vest can be worn stand alone or attached to the war belt

## JUNGLE PLATE CARRIER

Light weight, rigid M.O.L.L.E Plate Carrier with patented SOURCE Quick Release mechanism and Rails side buckle. The plate carrier is designed to be used in tropical, humid environment minimizing heat and load burden. The JUNGLE PLATE CARRIER can be worn stand alone or with the war belt and dynamic weight distribution (DWD) system.

## HARD BALLISTIC PLATES

25x30 ESAPI Level III PLUS, Multi Curve, Multi Shots (Six) ballistic hard plates to stop AK47 and M16 hard core bullets.

## VARIOUS TACTICAL POUCHES

Large variety of optional tactical MOLLE pouches to fit all system components

## DYNAMIC WEIGHT DISTRIBUTION (DWD) SYSTEM

The DWD exoskeleton spine reduces the burden of the load by 30%, protects the user's back and reduces back and skeleton pain and injuries dramatically. The DWD spine (usable with vest and packs) allows easy and on-the-move transfer of weight from shoulder to hips gradually according to mission and operational needs.

## SOURCE 'JUNGLE' SOLDIER SYSTEM COMPONENTS

### 3L ZIP-ON HYDRATION POUCH

With SOURCE quick, zip-on System to connect to Jungle Yoke, Tactical Vest, 40L and 90L backpacks.

### WXP HYDRATION BLADDER

Low profile 3L SOURCE Widepac WXP bladder. Best bladder in the market, first choice of dozens of armies world wide. WXP requires zero maintenance, keeping water bacteria free and natural taste and smell.. thanks to Source's GlassLike™ and GrungeGuard™ Technologies.

### 5L CARGO EXTENSION POUCHES

The extension pouches are attachable with Source's zip-on system to the system's Tactical Vest, Jungle Yoke, 40L and 90L backpacks - to allow extra storage expansion.

### 20L ZIP-ON ASSAULT BAG

Tactical assault pack with insulated internal hydration compartment. Can be used stand alone or - with shoulder-straps stowed - connected with Source zip-on System to Jungle Yoke, Tactical Vest, 40L and 90L backpacks.

### 40L BACKPACK

Multi-compartment daysack designed to be used with the DWD external skeleton and Warbelt. Smart features and comfortable wear thanks to padded back, ergonomic aerospace aluminum frame, expandable 10L storage space, compression straps and more.

### 90L BACKPACK

Multiday pack carried stand alone or with DWD and War Belt. Features MOLLE webbing, expandable 10L storage space, spacious top flap pocket. Comfortable to carry with its own removable, contoured boomerang hip belt, or (when hip belt is detached) attached to DWD/War Belt depending on the mission.
